### We Have Moved!

Over the school holidays, Eliza prepared to go on a break for a while, and Jess set up her new space, getting ready to go solo in the meantime. The **new office** has been **up and running** for just over two weeks now. Signage is yet to be finalised, but that hasn't stopped the music!

It's been exciting, and (let's be honest) a bit scary – for some participants *and* for Jess. But we are loving the **fresh space**, and we're looking forward to rocking out in term 4.

For those who haven't already visited, you can find us at the **back entrance** of shop 3, 111 Toolooa Street, South Gladstone. **Directions** to off-street parking and the office entrance can be found on our [website](#). And here's a little sneak peek at the new space:

## Bulk Billing Doctors at Gladstone Family Medical Centre

A new practice, Gladstone Family Medical Centre, opened its doors on the 24<sup>th</sup> of September. They offer 100% **bulk billed** GP consults, for general medicine, chronic disease management, men's and women's health, mental health, paediatrics and elderly care.

They also have a **nurse practitioner** on site, and offer cervical screening and travel immunisations. A valid Medicare card is required for bulk billed services. For more information, feel free to grab a **flyer from our waiting room**. Alternatively, visit Gladstone Family Medical Centre at **7 Goondoon Street**, Gladstone Central, or call on **(07) 4850 1100**.

## NDIS Updates

The NDIA have released an updated Pricing Arrangements and Price Limits (**PAPL**) document, confirming that Music Therapy will remain at the current hourly rate of \$193.99 until the **24<sup>th</sup> of November**, when it will be **reduced to \$156.16** per hour.

It also specifies that NDIS funding can only be used for Music Therapy when it is delivered by an "Active **Registered Music Therapist** with the Australian Music Therapy Association". The full PAPL document is available via the [Pricing Arrangements page](#) of the NDIS website.
